GRUNDFOS COMFORT SYSTEM

*Instant Hot Water
& Saving Water
has never been easier!*

COMFORT SYSTEM

The COMFORT System pump circulates water from the hot water tank to a specialized valve beneath the furthest fixture in the house, no return line is required. The circulator pump and valve take up virtually no space on your hot water tank or under your sink, and installation typically takes less than an hour, so you get the convenience of hot water in an instant, without any time or space challenges. And, you're helping the environment by saving water.

UP15-10SU7P/TLC

FEATURES

- Uses less energy than a 25-watt light bulb
- Installations take an hour or less
- Stress-free maintenance
- No need to install additional plumbing
- Compact is size
