

Ridgid Press Tools

Introducing the next generation of RIDGID Pressing Technology. Built to impress.

Press Tool Model RP 340/Cat # 43358

Features

- 30% smaller tool increases maneuverability*
- 17% lighter tool reduces operator fatigue*
- 31% longer service interval (up to 42,000 cycles) maximizes uptime*
- More than 400 presses per charge using Advanced Lithium 4 Battery
- Ultimate flexibility with the ability to switch between battery and AC power on the same tool
- LED-light for continued operations in no or low-light environments

*Versus RP 330-B

Standard Series ProPress® XL-C™ Rings Model XL-C/Cat # 20483

Features

- Patented ring design to make pressed connections for 2-1/2" - 4" copper tube
- XL-C Rings and V2 Actuator Jaw include patented swiveling feature that allows the tool to connect to the ring at any angle relative to the tubing, allowing greater access in tight spaces
- Designed in conjunction with the ProPress XL-C fittings, ensuring total system compatibility
- Compatible only with RIDGID® Standard Series pressing tools (CT-400, 320-E, RP 330-B, RP 330-C, or RP 340)
- V2 Actuator Jaw features new jaw identification clips, for fast, easy identification of the appropriate pressing jaw

MegaPress® Jaws And Rings Cat # 48553

Features

- Press connections can be made on a "wet" system
- Flameless system eliminates the need for hot work permits
- For use with Viega MegaPress and MegaPressG fittings
- For 1/2" to 2" Schedule 5-40 black iron pipe
- Compatible only with RIDGID® Standard Series pressing tools (CT-400, 320-E, RP 330-B, RP 330-C, or RP 340)

RIDGID Full Lifetime Warranty. Should your tool ever malfunction from defects in workmanship or materials, we will repair or replace the tool free of charge.
